MYAKKA CITY, FL (October 7, 2026) – The Sarasota Medieval Fair returns for its 22nd annual celebration this fall, bringing five weekends of full-contact jousting, live entertainment, artisan vendors, food, games and immersive medieval adventure to the Woods of Mallaranny in Myakka City.

Running Saturdays and Sundays from November 7 through December 6, the Fair transforms 47 acres of native Florida woodlands into a bustling medieval village filled with knights, musicians, artisans, performers and medieval magic.

Guests can experience fan-favorite attractions including the New Riders of the Golden Age full-contact jousting tournaments, Human Combat Chess and the Washing Well Wenches, along with a rotating lineup of nationally recognized performers and entertainers. The Fair also features rides, games, the Children’s Realm, an expansive Artisan Marketplace with more than 140 shops, food and drink, demonstrations, contests and interactive experiences.

The 2026 season celebrates the Viking Siege of Paris in 845 A.D., with each of the Fair’s five weekends offering its own theme and entertainment lineup.

Tickets for the 2026 Sarasota Medieval Fair are date-specific and capacity-limited, and guests are encouraged to purchase admission in advance to secure their preferred festival date. Special reduced pricing is available for Opening Weekend, November 7–8, with multi-day and season passes also available for guests planning multiple visits. Special ticketed experiences are also available throughout the season.
